The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

**Navigating through the reports:**

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

English Language Arts/Literacy Assessment - Performance by Grade: Grade 3

This table shows participation and performance on the English Language Arts/Literacy (ELA/L) section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by grade level exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

English Language Arts/Literacy Assessment - Performance by Grade: Grade 4

This table shows participation and performance on the English Language Arts/Literacy (ELA/L) section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by grade level exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

| Student Group                               | Valid Scores | Mean Scale Score | District Mean Scale Score | State Mean Scale Score | % Level 1: Did Not Yet Meet Expectations | % Level 2: Partially Met Expectations | % Level 3: Approached Expectations | % Level 4: Met Expectations | % Level 5: Exceeded Expectations | % of Testers Met/ Exceeded Expectations | State % of Testers Met / Exceeded Expectation |

English Language Arts/Literacy Assessment - Performance by Grade: Grade 5

This table shows participation and performance on the English Language Arts/Literacy (ELA/L) section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by grade level exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

| Student Group                               | Valid Scores | Mean Scale Score | District Mean Scale Score | State Mean Scale Score | % Level 1: Did Not Yet Meet Expectations | % Level 2: Partially Met Expectations | % Level 3: Approached Expectations | % Level 4: Met Expectations | % Level 5: Exceeded Expectations | % of Testers Met/ Exceeded Expectations | State % of Testers Met / Exceeded Expectation |

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Performance by Grade: Grade 3

This table shows participation and performance on the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by end of course exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

Mathematics Assessment - Performance by Grade: Grade 4

This table shows participation and performance on the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by end of course exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

| Student Group                               | Valid Scores | Mean Scale Score | District Mean Scale Score | State Mean Scale Score | % Level 1: Did Not Yet Meet Expectations | % Level 2: Partially Met Expectations | % Level 3: Approached Expectations | % Level 4: Met Expectations | % Level 5: Exceeded Expectations | % of Testers Met/ Exceeded Expectations | State % of Testers Met / Exceeded Expectation |

Mathematics Assessment - Performance by Grade: Grade 5

This table shows participation and performance on the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by end of course exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

| Student Group                               | Valid Scores | Mean Scale Score | District Mean Scale Score | State Mean Scale Score | % Level 1: Did Not Yet Meet Expectations | % Level 2: Partially Met Expectations | % Level 3: Approached Expectations | % Level 4: Met Expectations | % Level 5: Exceeded Expectations | % of Testers Met/ Exceeded Expectations | State % of Testers Met / Exceeded Expectation |

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency. The table also shows the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This table also shows whether the school and each student group met the *ESSA* accountability target of 40 for the 2016-17 school year.

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

Student Suspension Rate

This table shows the percentage of students who received one or more in-school suspensions, one or more out-of-school suspensions, and one or more suspensions of any type during the school year. Students receiving both in-school and out-of-school suspensions will be counted in all rows of the table. Students who received more than one suspension are counted only one time in each category below.

| Suspension Types          | % of Students |
|---------------------------|---------------|
| In-School Suspensions     | 0.0%          |
| Out-of-School Suspensions | 0.0%          |
| Any Suspension            | 0.0%          |

Student Expulsions

This table shows the number of students who were expelled from the school during the school year. An expulsion is when a student is removed from a school and does not receive any further educational services during the school year.

| Category   | Number of Students |

**Technology Readiness**

This table shows information that was collected through the optional NJTRAx survey to determine a school’s technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school’s LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

| School Year | Student to Device Ratio | Internet Speed | Recommended Internet Speed | Met Recommended Speed? | Connectivity between Schools | Recommended Connectivity | Met Recommended Connectivity? |
|-------------|-------------------------|----------------|----------------------------|------------------------|------------------------------|--------------------------|-------------------------------|

**Per-Pupil Expenditures (District Level)**

This table shows the total current expenses for regular and special education students taught within the district’s schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts’ [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor’s Management Reports (AMRs).

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

**Faculty:** All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

**Teachers:** All classroom teachers

**Administrators:** Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

**Full-Time Equivalent:** In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience and Certifications

This table shows information about experience and certifications for teachers assigned to this school and across the state.

| Category                                   | Teachers in Schools | Teachers in State |
|--|---------------------|-------------------|
| Total Number of teachers                   | 31                  | 121,048           |
| Average years experience in public schools | 13.0                | 11.8              |
| Average years experience in district       | 12.6                | 10.5              |
| Teachers in district for 4 or more years   | 90%                 | 74%               |

Administrators – Experience (District Level)

This table shows information about experience for administrators assigned to this district and across the state.

| Category                                       | Admin. in District | Admin. in State |
|--|--------------------|-----------------|
| Total Number of administrators                 | 31                 | 9,533           |
| Average years experience in public schools     | 16.8               | 15.9            |
| Average years experience in district           | 9.9                | 11.6            |
| Administrators in district for 4 or more years | 84%                | 74%             |

Student to Staff Ratios

This table shows the number of students per staff member in the school and district. Ratios for librarians, nurses, counselors, and child study team members are only reported at the district level because many staff in these jobs are assigned only to the district and not to individual schools.

| Staff Type                  | School Students: Staff | District Students: Staff |
|-----------------------------|------------------------|--------------------------|
| Teachers                    | 13:1                   | 13:1                     |

**Accountability Indicator Scores and Summative Rating**

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

| Accountability Indicator  | Indicator Score | Indicator Weight |
|---|-----------------|------------------|
| English Language Arts Proficiency   | 95              | 17.5%            |
| Mathematics Proficiency   | 97              | 17.5%            |
| English Language Arts Growth  | 72              | 25%              |
| Mathematics Growth  | 49              | 25%              |
| Chronic Absenteeism   | 84              | 15%              |
| Progress Towards English Language Proficiency (coming 2018)                                     | N/A             | N/A              |

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

| Student Group                               | Summative Score | Cut-off Score for Targeted Support and Improvement | Requires Targeted Support and Improvement for 2016-17 | English Language Arts Proficiency | Mathematics Proficiency | Chronic Absenteeism | English Language Arts Student Growth | Mathematics Student Growth | At Risk for Consistently Underperforming Student Group |

**Other Information:**

Somerville Elementary School is a caring learning community with a population of approximately 420 students in grades kindergarten through five. Visitors immediately sense the warmth and spirit of cooperation present at Somerville. Parents and teachers work together to provide an academically challenging curriculum and culturally rich environment for our children. Recognizing that the ability to read and write is the foundation for success in all academic disciplines, developing a literate student body is a primary focus of the educational program and staff development initiatives. Teachers collaborate with one another to differentiate language arts instruction using the workshop model. Using literature and informational texts as guides, students learn the skills necessary to become truly literate readers and writers. Children publish personal narratives, memoirs, essays, realistic fiction, and informational pieces. The elementary mathematics program combines the practice of foundational skills with problem solving. Our goal is for the students to apply their knowledge of mathematics to life situations in an accurate, efficient, and thoughtful manner. Enrichment activities, as well as support programs, provide the children with an exemplary experience in mathematics. An inquiry-based science program gives our students opportunities to make predictions, collect data, take notes, graph information, reach conclusions, and create hypotheses. Hands-on experiences with earth, environmental, life, and physical science materials allow students to develop both process and thinking skills and apply them in making decisions and solving real-world problems. The study of communities, cultures, and history is the basis of our social studies program. Grade level teams implement units of study designed to allow children to experience the traditions of others and life in the past. Infused in all lessons is the importance of showing respect to individuals and groups.
